

# Index

## A

Access to Medicines (ATM), 5, 73, 83, 206, 207

## B

Blood products, 5, 186  
  management of, 187, 188  
  types of, 202

## C

Capacity planning, 18, 233, 253  
Case studies, 4, 88, 100  
  analysis of, 89  
Cash-based interventions, 62, 80, 82, 85, 101, 103  
  approaches, 81  
  indicators for, 102  
Cash-based response, 61, 80, 82  
Cash programs, 81, 83  
Cash transfers, 4, 60, 64, 65, 69, 70, 72  
  concerns of, 61  
  programmes, type of, 62  
Change adoption, 5, 136, 138, 139, 146, 150–152, 154  
  barriers to, 149  
  factors affected on, 143  
  technology design, role of, 149  
Change management, 135, 136, 144  
  aspects of, 150  
  external, 141  
  organizational and cultural, factors, 155  
Cold chain, 175, 206  
  storage, 163  
  transport, 176  
Coping capacity, 126, 262  
Corruption, 4, 22  
  risk of, 71–73

Costs, 14, 15, 187  
  external, 44  
  logistic, 41, 42, 44, 84  
  social, 192  
  transportation, 15, 41, 246, 249

## D

Data envelopment analysis (DEA), 24, 223  
Delivery mechanisms, 73, 75  
Demand correlation, 198, 200  
Digital food, 60  
Disaster collaboration life cycle, conformity model, 125, 126  
Disaster management, 4, 67, 112, 113, 115  
  life cycle, 120  
Disaster management planning, 278  
Disaster plans, 34, 47, 50, 53, 276  
Disaster preparedness, 258, 263, 266  
Disaster relief, 3, 10, 65  
Disaster response, 4, 35  
  activities in, 37  
  vehicle routing problem, 19  
Disaster response logistics (DRL), 3, 34, 35, 54  
Distribution, 5, 14, 178, 190, 233, 239  
  blood, 187, 191, 192, 202  
  control of, 163  
  food, 19, 61, 97, 233, 235, 249  
  goods, 19  
  networks, 48, 49  
Donations management, 16

## E

Efficiency metrics, 10, 14, 23  
Emergency food network, 230, 232, 233, 249  
Emergency support functions (ESFs), 35  
EMMA analysis, 81

Equality, 14, 17, 19

Equity, 5, 10, 14, 17–19

## F

Fairness, 18, 19, 206, 207, 240

Financial flow, 66, 71

Food aid distribution, 6, 233, 235, 239

Food banks, 6, 232, 233, 235, 238, 239, 245, 253

acts, 240

goal of, 241

Food insecurity, 60, 98, 99, 230, 245

definition of, 230

issue of, 250

prevalence of, 232

Food supply disruption, 262

Funding, 67, 68, 138, 243, 247

and corruption, 71

## G

Group decision making, 207, 214, 224

## H

Humanitarian culture, 5, 136–138, 140

Humanitarian logistics (HL), 17, 37, 41, 137, 153, 154

case study, 4

challenges, 115

research, 138

Humanitarian organizations, 64, 85, 136, 154

characteristics, 137

culture of, 136

managing change in, 139

research on, 138

Humanitarian supply chains, 64–66

characteristics, 179

features of, 69

measuring performance of, 84, 85

measuring visibility of, 164

Hunger relief, 5, 233

iron triangle, 240, 243, 248

supply chain, overview of, 233

## I

Indicator-based vulnerability assessment, 258

Information, 5, 26, 34, 70, 73, 163, 170, 173, 217, 251, 277

Input metrics, 14, 15

Integer programming, 187

model, 188, 189

## K

Key performance indicators (KPIs), 208, 217

## L

Lack of food, 6, 60, 258, 259, 265

causes, 259

spatio-temporal vulnerability in, 264

population affected, 269

vulnerability assessment, 264

Logistics, 37, 67, 82, 153

of non profit food distribution, 249

Longitudinal research, 136

## M

Managerial practices, 10

Market systems, 4, 86, 87, 94, 97, 102

definition of, 81

Material convergence, 38, 41, 47, 49, 52, 53, 55

Material flow, 61, 66, 67

Mobile phone projects, 168

Modeling approaches, 3

Multi-criteria evaluation, 206

## N

Newsvendor, 187–190, 193

Nonprofit operations, 3, 9–12, 14–17, 27

## O

Output metrics, 14, 16, 17

## P

Partner proliferation, 4, 112, 115–119, 128

Performance measures, 18, 83, 101, 103, 208, 217

Performance metrics, 10, 11, 13, 14, 28, 209, 241

Poverty, 17, 22, 98, 239, 241, 259

Purchasing power, 60, 64, 65, 92, 96

## R

Resilience, 25, 69, 258, 259

definition of, 270

Rotavirus, 210, 214, 218

Routing, 5, 17, 39, 187, 189, 202, 249

## S

Satellite technology, 172

Scenario planning, 25

Short-term collaboration, 121, 124, 126–128

Social welfare systems, 60

Spatio-temporal assessment, 258, 269, 270

Stakeholder analysis, 210, 211, 218, 225

Stochastic models, 5, 190, 195

Stochastic programming, 5, 195, 251

Supply chain design, 75, 206–210, 213, 215,  
216, 219, 223, 224  
Systems engineering, 253

**T**

Technology, 5, 149, 164, 175, 206, 223  
Tracing, 161, 163, 170  
Tracking, 154, 161, 167  
    of inventory, 162  
    of location, 162  
Traveling salesman (TSP), 187–189, 195,  
202, 249

**V**

Vaccine industry, 5  
Value for money, 82, 85  
Virtual organization, 4, 113, 117, 120–129  
Visibility, 5, 69, 159, 160, 162, 164, 179  
Vouchers, 60, 61, 64, 81, 93
