

# Index

## A

Achondroplasia, 225, 227, 232, 236, 240, 241  
African diaspora, 109, 110  
Alternate ability, 96, 110, 113  
Ancestral Pueblo, 183, 188–190  
Anglo-Saxon, 269, 273, 275, 276, 279–282, 285  
Apophyseal osteoarthritis, 143, 144, 149

## B

Bioarchaeology, 1, 3–7, 9, 11, 19–27, 29–31, 33, 119, 120, 142, 152, 160, 162, 168, 183, 185, 188, 193, 194, 203, 204, 219, 243  
Biopower, 119, 121, 130, 131, 134  
Burial rite, 273, 275, 279

## C

CAOS, 162–164, 166, 168, 172, 173, 175, 176  
Cartilaginous dysplasia, 257, 259  
Children's Law, 119, 121, 125–128, 132  
Corporeal difference, 57, 59–61, 71, 72  
Costovertebral osteoarthritis, 143, 144  
Critical disability studies, 19, 81  
Cultural context, 58, 60, 61  
Cultural retentions, 77, 78, 87, 91

## D

DeArmond mound, 258  
Deviancy, 274, 276  
Disability, 1–11, 39, 40, 42–50, 52, 95–98, 100, 101, 105–107, 109, 111, 113, 141, 159–161, 163, 165–168, 173, 175, 177, 183, 185, 186, 189–192, 194, 195, 201–204, 209, 215, 217–219, 225, 226, 234, 237–239, 242, 243, 249–253, 258, 259, 261, 263  
Disability and coloniality, 80

Disability history, 57–60, 62, 71, 120  
Disability rights movement, 226  
Disability studies, 19–22, 24–27, 31–34  
Disability weights, 185–188, 190, 191, 194, 195  
Disabled children, 120, 121

## E

Enchondromatosis, 257, 259  
Erie County Poorhouse, 201  
Ethnohistory, 95, 109, 110

## G

Global Burden of Disease, 183–187

## H

Health determinants, 166

## I

ICF, 39, 40, 42, 43, 48, 52  
Identity, 225, 226, 233, 236–240, 242  
Impairment, 1–11, 95–98, 100, 101, 120, 121, 132, 134, 135, 142, 149, 151, 152, 159, 160, 164–166, 168, 173, 176, 177, 186, 188, 191, 194, 195, 201, 202, 204, 209–211, 214, 215, 217–219, 225, 226, 234, 237, 238, 242, 243, 249–253, 258–262  
Indigenous knowledge, 79, 82  
Intersectionality theory, 201, 203, 204

## J

Jamaica, 95, 98–101, 103, 105, 107, 110–113

## L

Leri-Weill Dyschondrosteosis, 232, 241  
Liminality, 269, 270, 276, 278, 284

**M**

Maroons, 95, 98, 99, 103, 105–107, 109–113  
 Middle woodland period, 225–227, 233  
 Mississippian period, 253, 254  
 Models of disability, 19, 21, 23–25

**N**

Native American folklore, 233, 236  
 New York state, 201

**O**

OAI, 163, 165, 166, 168, 176  
 Osgood-Schlatter's disease, 257, 259

**P**

Paleoepidemiology, 183  
 Paleopathology, 183–186, 191, 227  
 Personhood, 285  
 Physical environment, 159, 160, 165–168, 176  
 Poorhouse, 119–128, 130–132, 134, 135  
 Prehistoric dwarfism, 233

**S**

Schmorl's nodes, 146, 147, 149  
 Skeletal dysplasia, 225, 231, 233, 236, 242  
 Skeletal trauma, 209, 211, 212, 215–217  
 Social environment, 165–167, 170, 172, 176  
 Social role, 269, 271, 280  
 South Asia, 57–60, 62, 71  
 Spondylolysis, 141, 148, 149  
 Spondylosis, 141, 142, 144, 145, 150

**T**

Tennessee Valley Authority  
 (TVA) excavations, 254

**V**

Variation in response to disability, 45  
 Visibility, 269, 276, 278–280, 283, 284

**W**

Works Progress Administration (WPA), 254
