

## Closing Note

I hope you found this book instructive. If you are a researcher, I hope that you have a better understanding of ways to make graphical representations of financial ideas. If you are a student, I hope you have a better understanding of finance. I appreciate your effort and thank you for reaching this point.

# Index

## A

Abortion (Crime) 97, 98, 106, 146  
Amortization 153, 175  
Annuity 46–48, 50, 54

## B

Balance sheet 152–165, 167–172,  
174–180  
Bankruptcy law 207, 208  
Bar examination (determinants of  
success) 101, 102  
Bebchuk proposal to restructure by  
distributing options 89  
Behavioralism/behavioral economics  
and finance 6  
Beta 63–66, 68, 70–72, 77–80, 82,  
92, 95, 96, 167  
Binomial distribution 57, 81,  
129–132, 134, 186, 187

Black-Scholes-Merton call option  
valuation formula 73  
Broad-based lending (authority for) 217

## C

Cab color paradox 118, 121, 147  
Calls 29, 60, 76, 77, 79, 81, 84, 86,  
87, 90, 91, 147  
Capital (adequacy) regulation 211,  
214, 215  
Capital Asset Pricing Model 47, 50,  
55, 64, 65, 70, 71, 86, 95, 96,  
115, 167  
Capitalization (of Earnings as a valu-  
ation method) 69  
Capital market line 66  
Capital regulation (of risk) 214  
Cartesian plane 61  
Central bank 205, 206, 211, 212, 219

Certainty equivalent (wealth)  
182–184, 188, 189, 192, 195

Coase, Ronald *xx*, 1–3, 5–9, 195

Compounding (interest)  
annual 49, 50  
continuous 45, 49, 51–53, 78  
periodic 43, 45, 49, 51

Constant absolute risk aversion  
(CARA) 183, 191

Constant relative risk aversion (CRRA)  
183, 184, 192, 194, 195

Contagion 203, 211, 213

Correlation 96, 153

Cosine 23, 24, 31

Cotangent 25, 26, 29, 33

Crash 202, 205

Crime and Abortion 97

Cycle of production 203–205

## D

Deposit insurance 213, 214, 216

Depreciation 153–155, 158, 159,  
175, 180

Depression 202, 203, 205

Derivative 14, 23, 34–38, 40, 149, 191

Differential equations 23, 37, 40,  
191, 192

Distribution of wealth 5, 6

Diversification 55, 56, 59, 60, 88,  
124, 184

Donohue, John 97–98

## E

Earnings 68, 69, 153, 154, 158, 159,  
175, 204, 210

Enterprise value 168, 171, 176–178

Equity 68, 69, 87, 89, 152–155,  
157–159, 162, 163, 165, 166,  
168, 170, 172–177, 208, 214,  
215, 217

Euphoria 206

Executive Compensation using  
options 88, 90

Extremism (political \_ as a reaction  
to financial crises) 203

Exuberance 201, 210, 211

## F

Federal reserve 202, 207, 212

Financial stability oversight council  
(FSOC) 217

Financial statement 151, 155, 157,  
168, 179

Fraudulent transfer law 169

Fully depreciated 154, 159

## G

Grade point average (GPA)  
101–106

Great Depression 202, 203, 207,  
211, 216

Great Recession 203, 212

*Grocery Bags and* [foodborne]  
*Infections* 99, 100

## I

Idiosyncratic risk 56

Income statement 152–155, 158,  
159, 179, 180

Independent risk 55, 60, 70, 115,  
148, 185

*Infections (Grocery Bags and food-borne)* 99

Insurance 9, 84, 85, 148, 184, 185, 187–191, 193, 209, 211, 214

Internal rate of return 49, 51, 53, 92

## J

Judicial error 140

## L

Last resort lending 211, 212

Legal change (risk aversion and) 193

Lemley, Mark 98, 99

Lender of last resort 211

Leveraged buyouts 169

Levitt, Stephen 97–98

Linear regression (same) 95, 111

Logit regression 101

LSAT 101–106

## M

Market Capitalization 61, 155, 167, 168, 171, 172

Market risk 61

Martha Stewart Living Omnimedia 155, 173

Merger 169–171, 173

Merger accounting 169

Monty Hall three boxes problem 142

Moral hazard 214

## N

Negotiation holdouts 5, 7, 8

Net Worth 154

Non-systematic risk 56

Normal distribution 59, 81, 83, 101, 102, 104, 145–147, 149

## O

Optimization 33, 37

Orderly liquidation 212, 215–218

Orderly liquidation authority 211

## P

Panic 201, 206, 210, 213, 214

Par account 163, 164, 166, 170, 172–175

Par value 52, 157, 160, 163–166, 172, 173

Patent age and litigation 98, 99

Pension Benefit Guarantee Corporation 209

Pooling method (of accounting for mergers) 170

Price-to-Earnings ratio 68, 69

Probability, adding, multiplying 136, 183

Probit regression 101–104

Prosecutorial error 138, 140

Puckett 123–127, 130, 132, 135, 137

Purchase method (of accounting for mergers) 170, 171, 174–176, 178

Puts 76, 87, 157, 185

## R

Rare disease paradox 115, 147

Recession 60, 61, 115, 203, 205, 214

Regression (statistical method) 56, 64, 70

Reorganization by distributing options 73, 89  
Reorganization law 90, 207, 208  
Residual plot 106–110  
Restructure by distributing options 89  
Revenue 153, 158  
Risk aversion 8, 9, 181–184, 188–192, 194, 195  
Risk aversion coefficient 190  
Risk-based (capital regulation) 214, 215

## S

Securities regulation 207, 210, 211  
Sequential Brands 173  
Sine 18, 20, 21, 23, 24, 29  
Social safety net 207, 209, 210  
Statement of operations 152  
Statistical tests, confidence, inference 144–147  
Systematic errors 5–7  
Systematic risk 56

## T

Takeover (of failing financial institutions) 63, 69, 174, 211, 213  
Tangent 25–29, 33  
Tax accounting 154  
Three boxes problem 142  
Transaction costs 1, 2, 4, 5  
Trigonometry 23, 27, 40

## U

Unemployment insurance 209  
Utility-of-wealth function 183, 194, 195

## V

Vicinity of insolvency 87

## W

Weak DNA evidence (assessment of) 123

## Z

Zone of insolvency 87, 90
