

Notes on the Contributors

Richard Ashcroft, M.A., Ph.D., is Leverhulme Senior Lecturer in Medical Ethics at the Imperial College, London.

Nikola Biller-Andorno, M.D., Ph.D., is Professor and Director of the Institute of Medical Ethics at the Charité – Joint Medical Faculty of Humboldt and Free University, Berlin, Germany.

Marion Danis, M.D., is Head of the Section on Ethics and Health Policy of the Department of Clinical Bioethics at National Institutes of Health. Please note that the author's contributions to this book do not necessarily reflect the views of the National Institutes of Health.

Donna Dickenson, B.A., M.Sc, Ph.D., is Professor at the Centre for the Study of Global Ethics at the University of Birmingham.

Fabrizio Fabris was Full Professor of Gerontology and Geriatrics at the University of Torino, Director of the Postgraduate School of Geriatrics and Director of the Turin section of the Italian Atherosclerosis Study Group. Professor Fabrizio Fabris prematurely died on August 21st, 2003 at the age of 68 years.

Klasien Horstman, Ph.D., is Professor of Philosophy at the University of Eindhoven and Associate Professor at the University of Maastricht.

Rob Houtepen, Ph.D., is Assistant Professor at the Department of Health Care Ethics and Philosophy at the University of Maastricht.

Christian Lenk, Ph.D., is Assistant Professor for Medical Ethics at the Department of Ethics and History of Medicine at the University of Goettingen.

Heike Leonhardt-Huober is Medical Doctor and collaborator of the Institute of Clinical Economics in Ulm.

Alessandro Liberati, M.D., is Professor of Biostatistics and Clinical Epidemiology at the University of Modena and Reggio Emilia and Director of the Italian Cochrane Centre, Italy.

Reidar Lie, M.D., Ph.D., is Senior Research Fellow at the Department of Clinical Bioethics at the National Institutes of Health of Bethesda, Maryland, USA and Professor at the Department of Philosophy of the University of Bergen, Norway.

Barbara Maero is working as a geriatrician at the University Hospital of Torino.

Ruud ter Meulen, Ph.D., is Professor of Philosophy and Director of the Institute of Bioethics at the University of Maastricht.

Erik Nord, Ph.D., is Senior Researcher at the Norwegian Institute of Public Health.

Ole Frithjof Norheim, M.D., Ph.D., is Professor in Medical Ethics at the Department of Public Health and Primary Care of the University of Bergen, and Consultant at the Department of Internal Medicine of the Haukeland University Hospital.

Franz Porzolt, M.D., Ph.D., is Associate Professor at the University of Ulm and the Ludwig-Maximilians-University of Munich and works at the Institute of Clinical Economics.

Heiner Raspe, M.D., Ph.D., is Professor for Social Medicine at the University Clinics Schleswig-Holstein, Campus Lübeck.

Andreas Reis, M.D., is Associate Professional Officer at the Department of Ethics, Trade, Human Rights and Health Law at the World Health Organization in Geneva, Switzerland. Please note that the author's contribution to this book does not necessarily reflect the views of the World Health Organization.

Wendy Anne Rogers, B.M., B.S., BAHons, Ph.D, MRCP, FRACGP, is Associate Professor of the Flinders University of Adelaide, Australia.

Carla Scarafioti M.D. is Medical Assistant-Geriatrician and is working at the Geriatric Department of the Molinette University Hospital of Torino.

Christien Sepers M.A. was researcher at the Institute for Bioethics in Maastricht and is now working for the Province of North-Holland in Haarlem.

Professor Mariachiara Tallacchini, Ph.D., teaches Science, Technology & Law at the Law Faculty of the Catholic University of Piacenza, Italy.

Paolo Vineis, M.D., is Associate Professor of Medical Statistics at the University of Torino, Italy.

Rein Vos, PhD, is Professor of Theory of Health Sciences at the University of Maastricht.

Dick Willems, MD, PhD is Professor of Medical Ethics at the Academic Medical Centre/University of Amsterdam.
