Ecological Studies

Further volumes can be found at springer.com.

Volume 203

The Continental-Scale Greenhouse Gas Balance of Europe (2008)

H. Dolman, R. Valentini, and A. Freibauer (Eds.)

Volume 204

Biological Invasions in Marine Ecosystems: Ecological, Management, and Geographic Perspectives (2009)

G. Rilov and J.A. Crooks (Eds.)

Volume 205

Coral Bleaching: Patterns, Processes, Causes and Consequences (2009)

M.J.H. van Oppen and J.M. Lough (Eds.)

Volume 206

Marine Hard Bottom Communities: Patterns, Dynamics, Diversity, and Change (2009)

M. Wahl (Ed.)

Volume 207

Old-Growth Forests: Function, Fate and Value (2009)

C. Wirth, G. Gleixner, and M. Heimann (Eds.)

Volume 208

Functioning and Management of European Beech Ecosystems (2009)

R. Brumme and P.K. Khanna (Eds.)

Volume 209

Permafrost Ecosystems: Siberian Larch Forests (2010)

A. Osawa, O.A. Zyryanova, Y. Matsuura, T. Kajimoto, and R.W. Wein (Eds.)

Volume 210

Amazonian Floodplain Forests: Ecophysiology, Biodiversity and Sustainable Management (2010)

W.J. Junk, M.T.F. Piedade, F. Wittmann, J. Schöngart, and P. Parolin (Eds.)

Volume 211

Mangrove Dynamics and Management in North Brazil (2010)

U. Saint-Paul and H. Schneider (Eds.)

Volume 212

Forest Management and the Water Cycle: An Ecosystem-Based Approach (2011)

M. Bredemeier, S. Cohen, D.L. Godbold, E. Lode, V. Pichler, and P. Schleppei (Eds.)

Volume 213

The Landscape Ecology of Fire (2011)

D. McKenzie, C.S. Miller, and D.A. Donald (Eds.)

Volume 214

Human Population: Its Influences on Biological Diversity (2011)

R.P. Cincotta and L.J. Gorenflo (Eds.)

Volume 215

Plant Desiccation Tolerance (2011)

U. Lüttge, E. Beck, and D. Bartels (Eds.)

Volume 216

Forest Hydrology and Biogeochemistry: Synthesis of Past Research and Future Directions (2011)

D.F. Levia, D. Carlyle-Moses, and T. Tanaka (Eds.)

Volume 217

Peatlands of the Western Guayana Highlands, Venezuela: Properties and Paleogeographic Significance of Peats (2011)

J.A. Zinck and O. Huber (Eds.)

Volume 218

Aralkum – A Man-Made Desert: The Desiccated Floor of the Aral Sea (Central Asia) (2012)

S.-W. Breckle, W. Wucherer, L.A. Dimeyeva, and N.P. Ogar (Eds.)

Volume 219

Seaweed Biology: Novel Insights into Ecophysiology, Ecology and Utilization (2012)

C. Wiencke and K. Bischof (Eds.)

Volume 220

Growth and Defence in Plants: Resource Allocation at Multiple Scales (2012)

R. Matyssek, H. Schnyder, W. Oßwald, D. Ernst, J.C. Munch, and H. Pretzsch (Eds.)
