Vorbemerkung

Wo immer es möglich ist, werden bei den Artikeln, Interviews, Stellungnahmen, aber auch bei wissenschaftlichen Beiträgen die Online-Quellen angegeben. Das entspricht dem Thema dieses Buches, das sich ja mit genuinen Internet-Phänomenen beschäftigt. Auf diese Weise wird der leichte Zugang zu den Texten ermöglicht. Naturgemäß sind diese Texte nicht immer mit Seitenzahlen versehen. Der Abruf aller Links erfolgte noch einmal vor der Drucklegung des Buches. Die im Laufertext mit Datum belegten Zitate aus Zeitungsartikeln sind hier nicht noch einmal erfasst.
