 Third Representation Theorem, 54
 T -measurable space, 28

t -norm, 8
 Archimedean, 8
 strict, 8
 T_∞ -measure, 80, 87
 n -vector, 82
 m -absolutely continuous, 87
 m -singular, 80
 atomic, 87
 nonatomic, 87
 T_s -measure
 generated, 62
 monotonically irreducible, 62
 T -measure, 42
 total
 variation, 71
 variation of \mathbf{v} , 101
 T -partition, 37
 T -possibility measure, 181
 transferable utility
 competitive equilibrium, 174
 economy, 173
 triangular conorm, 8
 triangular norm, 8
 T -tribe, generated, 32
 T -valuation, 41

U

uniformly continuous game, 168
 union of fuzzy sets, 27
 upper
 variation, 71
 variation of \mathbf{v} , 102
 upper integral, 133
 utility function, 173

V

valuation
 normalized, 183
 value
 asymptotic, 162

Aumann–Shapely, 115
 diagonal, 123
 mixing, 162
 of \mathbf{v} , 116
 of the fuzzy coalition, 116
 Shapley, 124
 variation
 lower, 71
 of \mathbf{v} , 101, 102
 total, 71
 upper, 71
 vector
 price, 174

W

well-defined extended market game, 174

THEORY AND DECISION LIBRARY

SERIES C: GAME THEORY, MATHEMATICAL PROGRAMMING AND OPERATIONS RESEARCH

Editor: S.H. Tijs, University of Nijmegen, The Netherlands

1. B.R. Munier and M.F. Shakun (eds.): *Compromise, Negotiation and Group Decision*. 1988 ISBN 90-277-2625-6
2. R. Selten: *Models of Strategic Rationality*. 1988 ISBN 90-277-2663-9
3. T. Driessen: *Cooperative Games, Solutions and Applications*. 1988 ISBN 90-277-2729-5
4. P.P. Wakker: *Additive Representations of Preferences. A New Foundation of Decision Analysis*. 1989 ISBN 0-7923-0050-5
5. A. Rapoport: *Experimental Studies of Interactive Decisions*. 1990 ISBN 0-7923-0685-6
6. K.G. Ramamurthy: *Coherent Structures and Simple Games*. 1990 ISBN 0-7923-0869-7
7. T.E.S. Raghavan, T.S. Ferguson, T. Parthasarathy and O.J. Vrieze (eds.): *Stochastic Games and Related Topics*. In Honor of Professor L.S. Shapley. 1991 ISBN 0-7923-1016-0
8. J. Abdou and H. Keiding: *Effectivity Functions in Social Choice*. 1991 ISBN 0-7923-1147-7
9. H.J.M. Peters: *Axiomatic Bargaining Game Theory*. 1992 ISBN 0-7923-1873-0
10. D. Butnariu and E.P. Klement: *Triangular Norm-Based Measures and Games with Fuzzy Coalitions*. 1993 ISBN 0-7923-2369-6
