INDEX

adaptation, 85
analogy, 11
archaeological artifacts, 1
archaeological dates, 9
Archaeology, 45, 91, 137, 185, 209
aridity, 209, 291
Bronze Age, 63, 199
Bronze-Iron Age, 243
burial tradition, 1
buried soils, 199
calendar age, 117
calibration, 85
calibration curve, 45, 63, 117
Central Asia, 1, 21, 256
chronological periods, 9
chronology, 9, 45, 63, 85, 91, 107, 137, 209, 226
chronostratigraphy, 309
Cimmerian epoch, 199
Cimmerians, 35
climate, 21, 159
climate change, 35, 151
climatic period, 199
cyclic, 159
dating, 137
diet, 125
Early Iron Age, 35
Early Metal Period, 275
Early Nomads, 21
Eastern Europe, 243
effective humidity, 291
Eneolithic cultures, 91
environment, 45, 63, 91, 185, 209
Eurasian steppes, 21, 63
forest zone, 199
geochemical indicators, 256
Geochemistry, 256
harness, 1
history, 9
Holocene, 159, 256, 275
Holocene environment, 226
horse gear, 35
horse remains, 323
horse riding, 35
horseman, 21
humidity, 209
Interaction, 91
Inorganic, 256
Latvia, 275
luminescence, 137
mathematical statistics, 117
Mesolithic, 63, 226, 309
migration, 21, 35, 91, 125, 226
narcotic, 185
natural events, 159
Neolithic, 63, 226, 309
organic, 256
osteology, 323
oxbow-lake sediments, 243
palaeoclimate, 243, 256
palynology, 209
plant macroremains, 275
Pleistocene, 159
poisons, 185
Poland, 309
pollen, 275, 291
Pontic steppes, 35
pottery, 137
radioactive dose, 137
radiocarbon age, 117
radiocarbon
dating, 9, 45, 85, 107, 226, 309
“royal” barrows, 9
Scythia, 9
Scythian cultures, 291
Scythian time, 1, 63, 256, 323
Scythians, 9, 45, 243
sea level, 208
Siberia, 291
solar activity, 151
toxins, 185
Southern Siberia, 256
tree-rings, 107
stable isotopes, 125
Tuva region, 1,323
Statistics, 226, 309
typology, 1
steppe, 199, 291
wiggle matching, 107
Subatlantic Time, 275
