Health Informatics Series
(formerly Computers in Health Care)

(continued from page ii)

Introduction to Clinical Informatics
P. Degoulet and M. Fieschi

Behavioral Healthcare Informatics
N.A. Dewan, N.M. Lorenzi, R.T. Riley, and S.R. Bhattacharya

Patient Care Information Systems
Successful Design and Implementation
E.L. Drazen, J.B. Metzger, J.L. Ritter, and M.K. Schneider

Introduction to Nursing Informatics, Second Edition
K.J. Hannah, M.J. Ball, and M.J.A. Edwards

Strategic Information Management in Hospitals
An Introduction to Hospital Information Systems
R. Haux, A. Winters, E. Ammenwerth, and B. Brigl

Information Retrieval
A Health and Biomedical Perspective, Second Edition
W.R. Hersh

The Nursing Informatics Implementation Guide
E.C. Hunt, S.B. Sproat, and R.R. Kitzmiller

Information Technology for the Practicing Physician
J.M. Kiel

Computerizing Large Integrated Health Networks
The VA Success
R.M. Kolodner

Medical Data Management
A Practical Guide
F. Leiner, W. Gaus, R. Haux, and P. Knaup-Gregori

Organizational Aspects of Health Informatics
Managing Technological Change
N.M. Lorenzi and R.T. Riley

Transforming Health Care Through Information, Second Edition
N.M. Lorenzi, J.S. Ash, J. Einbinder, W. McPhee, and L. Einbinder

Trauma Informatics
K.I. Maull and J.S. Augenstein

Consumer Informatics
Applications and Strategies in Cyber Health Care
R. Nelson and M.J. Ball
Public Health Informatics and Information Systems
P.W. O’Carroll, W.A. Yasnoff, M.E. Ward, L.H. Ripp, and E.L. Martin

Advancing Federal Sector Health Care
A Model for Technology Transfer
P. Ramsaroop, M.J. Ball, D. Beaulieu, and J.V. Douglas

Medical Informatics
Computer Applications in Health Care and Biomedicine, Second Edition
E.H. Shortliffe and L.E. Perreault

Filmless Radiology
E.L. Siegel and R.M. Kolodner

Cancer Informatics
Essential Technologies for Clinical Trials

Clinical Information Systems
A Component-Based Approach
R. Van de Velde and P. Degoulet

Knowledge Coupling
New Premises and New Tools for Medical Care and Education
L.L. Weed

Healthcare Information Management Systems
Cases, Strategies, and Solutions, Third Edition
M.J Ball, C.A. Weaver, and J.M. Kiel
