# Index

## A
Anticancer, 13, 14, 81, 88, 95, 98, 103, 203, 278  
development of, 241  
drugs with, 135, 189, 224  
Anticarcinogenesis, 217  
Antitumor, 111, 112, 120, 128, 226  
Antitumor activity, 121, 128, 131, 157, 202  
essential oil, 141–144, 150, 153, 154, 156, 158, 160, 161  
croton regelianus, 141  
cymbopogon flexuosus, 142–144  
guatteria friesiana, 150, 153  
lindera umbellata, 153, 154  
lippia gracilis, 156  
pyrolae herba, 158, 160, 161 
Aromatherapy, 162, 251–253, 256, 257  
Aromatic plants, 20, 67, 202, 232, 256

## C
Cancer biology, 2, 209  
Cancer therapy, 10, 11, 148, 182, 210  
effects of, 258  
Chemoprevention, 114, 125, 135, 238, 243  
Chemopreventive, 217  
Chemotherapy, 10–13, 130, 188  
Chemotypes, 20, 47  
Clinical study, 191, 246  
Cytotoxicity, 99, 101, 102, 121, 140, 143, 222  
essential oil, 146, 148–150, 152  
eucalyptus benthamii, 146, 148–150  
guatteria pogonopus, 152

## D
Diagnostic structures, 74  
Diet, 237, 238  
Docking, 113, 116, 118

## E
Epidemiology, 7  
Essential oils, 19, 20, 41, 42, 79, 84, 85, 144, 202, 232, 252, 289  
assessments of, 20  
biological role, 204  
contribution of, 161, 162  
important trade, 47, 48  
locations of, 74, 78  
naturally-occurring, 131  
hesquiterpenes from, 207–210  
with ISO, 48

## F
Food, 20, 112, 231, 237

## H
Histochemical method, 78

## I
Inhalation, 254, 256, 258, 279, 281

## M
Malignant gliomas, 128, 185, 267, 268  
investigational therapies for, 273  
molecular genetics of, 269, 270  
treatment of, 278  
with recurrent, 279  
Massage, 251, 255–258  
Molecular modeling, 111, 112  
Monoterpenes, 20, 22, 25, 43, 85, 94, 98, 112, 188, 190, 191, 240  
antineoplastic activity of drugs by,  
enhancement of, 189  
monoterpenes of, 178  
physico-chemical properties of, 185, 187
N
Natural products, 13, 20, 81, 82, 95, 135, 210, 289
Nutrition, 237–239

O
Organic synthesis, 84, 97, 106

P
Palliative care, 255–257, 262
Perillyl alcohol, 114, 126–129, 178, 182, 183
  inhibition of, 275, 276
  treatment of, 278, 279
Phenylpropanoids, 20, 22, 24, 25, 43, 48, 87, 112, 217

Q
Quality control,
  of botanical drugs, 73

R
Risk factors, 10
  environmental, 7

S
  secondary metabolites, 252
  Sesquiterpene, 20, 22, 25, 37, 88, 89, 120
    role of, 202–205, 243
  Structure activity relationships (SAR), 111, 114

T
  Terpenes, 22, 24, 188
  Toxicity, 13, 20, 34, 128, 140, 223, 285

V
  volatile, 252
