Index

A-density 4
A-statistical convergence 5
for fuzzy-valued sequence 6
A-transform 4
analytic function 205, 215

Baskakov-type operators 85
Bernstein polynomials 129, 141, 142
in a modified version 164, 177
in bivariate case 154
in fuzziness 182, 202

Cesáro matrix 4
complex Gauss-Weierstrass operators 216
complex Picard operators 206
density 2

expectation operator 132
in multivariate case 144

fuzzy continuity 179, 187, 197
fuzzy derivative 197
fuzzy Fejer operators 191
fuzzy linearity 180, 188
fuzzy metric 6
fuzzy number 5
fuzzy positivity 180, 188
fuzzy Riemann integral 187
fuzzy statistical rates 193

Gauss-Weierstrass operators 26
in $L_p$ spaces 62

identity matrix 5
incomplete gamma function 27, 63

$L_p$ norm 39, 61
left Caputo fractional derivative 167

modulus of continuity 156
in complex case 206, 216
in fuzziness 184, 193, 198
in multivariate $q$-mean 144
in $q$-mean 132
modulus of smoothness 12, 27
for analytic functions 206, 216
in $L_p$ spaces 41, 63
moment function 132
in multivariate case 144
neutral element 185
Picard operators 10
   in $L_p$ spaces 40
probability space 131

regular matrix 4
right Caputo fractional derivative 156, 168

Silverman-Toeplitz conditions 4
statistical boundedness 3
statistical convergence 3
   for fuzzy-valued sequence 6
statistical fuzzy rates 184
statistical rates 184, 193
stochastic process 131

in multivariate case 143
sup-norm 12, 28, 98, 117, 131, 143,
   157, 169, 188, 199
   for complex functions 206, 215

$T$-system 98
Taylor coefficients 206, 218
Taylor expansion 205, 218

test functions 118, 132, 180
   in multivariate case 144
   in trigonometric case 188
   in weighted spaces 106

weighted norm 98
weighted spaces 98
