A C K N O W L E D G M E N T S

I dedicate this book to my wife, Ellen. It was her endless support and enthusiasm that made this book possible. She put in countless hours, over many months, editing the manuscript and was instrumental in clarifying many of the book's central themes.

My friend and colleague, Professor Gordon Snow, made many important contributions to the book. He had invaluable insights and suggestions as to how I could strengthen my arguments.

I also want to express my appreciation and thanks to attorney Sallie Randolph, who provided essential legal advice and guidance on all aspects of publishing and writing in general.
