This book is dedicated to the memory of Dr S. R. 'Larry' Epstein, Professor of Economic History at the London School of Economics. In the very short time that I had the privilege of knowing him, he was my professor and my graduate supervisor, but more importantly he taught me that even an old dog like me can learn new tricks.

10.15	Bank lending to emerging market economies by region as percentage of regional GDP	172
10.16	Emerging market banking sector assets	173
10.17	BRICS banking sector assets (percentage of GDP)	173
10.18	Qualitative assessment of potential impact of regulatory reform on growth outlook	175
10.19	Net capital flows to the BRICS 2010–12 (US\$ billion)	176

Acknowledgments

Without question, no project can come to fruition without the support, encouragement, and professional guidance of others. In that regard, I would like to thank my editor Lisa von Fircks, Pete Baker, Stephen Rutt, Gemma d'Arcy Hughes, Beverley Copland, and the Palgrave Macmillan production team.

In support of my research findings, the book is documented with a number of figures and tables from various organizations. I would like to thank Teresa Evaristo of the International Monetary Fund, Mayya Revzina of the World Bank, Enestor Da Rosa Dos Santos Junior of BBVA Research, Anna Fedec of Trading Economics, Joana Isabel da Silva Malheiro and Dounia Boutamdja of the Organization of Economic Cooperation and Development (OECD) and the African Economic Outlook (AEO), Robin Koepke of the Institute of International Finance, Elena Katkova of the Russia Federal State Statistics Service, Christo Stoykov of the Schulich School of Business, York University, Toronto, Cathy Conkling-Shaker of the Inter-American Development Bank, The Bank for International Settlements' Basel Committee on Banking Supervision (BCBS) and Louis Green of Bankscope, published by Bureau van Dijk.
