Acknowledgments

There are many people who have helped along the way, either reading drafts and offering suggestions, or championing my work and helping me along the way. I need to thank Haiping Yan for introducing me to the work of Gao Xingjian and for challenging me to create work beyond the page. There is no way that this book would have been completed if not for the constant support and encouragement of Claire Conceison. She is a gracious scholar who shares resources and ideas. She also introduced me to Gao himself and for that I am forever grateful. Sy Ren Quah's work on Gao has bolstered my own and for his quiet support, I thank him. I also would like to acknowledge two undergraduate research assistants: Ali Reader and Jack Gobillot. Ali was helpful in collecting reviews and information and Jack has proven himself to be an incredible help in the final stages of preparing the manuscript.
