## ACKNOWLEDGMENTS

This project has been going on for several years, and in that process many people, both at home and abroad, have given me constructive comments on various parts of the book. Thank you all!

I would like to express my gratitude to certain persons in particular: my old colleagues and friends Olof Petersson and Erik Åsard, who have struggled with quite a few versions of this work, both early and late; my language examiner, Peter Mayers, who—besides linguistic contributions—has made many useful remarks of a substantive nature; and my dear wife, Karin, who has put up with this long drawn-out project and supported and helped me in many ways.
