

National Children's Bureau series

Editor: Mia Kellmer Pringle

This new series examines contemporary issues relating to the development of children and their needs in the family, school and society. Based on recent research and taking account of current practice, it also discusses policy implications for the education, health and social services. The series is relevant not only for professional workers, administrators, researchers and students but also for parents and those involved in self-help movements and consumer groups.

Caring for Separated Children

R. A. Parker (editor)

A Fairer Future for Children

Mia Kellmer Pringle
