

SESSION TWO

*The Challenges of the
International Marketplace*

“Lifting the barriers to trade liberates the creative talents of people and releases the dynamic energies of entrepreneurs. Protectionism seduces, but free trade produces!”

—Carl E. Rufelds

“The Mexican government’s total foreign debt exceeds half of the nation’s gross domestic product.”

—William C. Gruben

“Each of the Pacific Basin countries is going through industrial catch-up, and it is the United States that is being caught.”

—Lawrence B. Krause
