

Religion

I felt myself to be rather pleading for Christianity with those inclined to leave it on one side, than to be attacking received tradition.

Mary A. Ward¹

At a time when every thoughtful man, accustomed to call himself a christian, [sic] is asking the faith which he professes for some account of its origin and authority, it is a pity that the answer should be confused by the habit of identifying christianity [sic] with the collection of propositions which constitute the written New Testament.
