# Society

*My mind began to turn to what I believed to be the other side of the Greenian or Modernist message—i.e. that life itself, the ordinary human life and experience of every day as it has been slowly evolved through history, is the true source of religion, if man will but listen to the message in his own soul, to the voice of the Eternal Friend, speaking through Conscious, through Society, through Nature.*

Mary A. Ward<sup>1</sup>

*Thus it is equally true that the human spirit can only realise itself, or fulfil its idea, in persons, and that it can only do so through society, since society is the condition of the development of a personality.*
