11 China, the Communist Challenger	178
12 Russia and the Rest	192
13 Conclusions	210
Glossary	215
Index	226

Acknowledgements

I am grateful to Bill Barry of NASA, and David Parker and Karl Berquist of the European Space Agency for very helpful discussions and advice. I also thank Brian Harvey for help and advice about getting suitable images. Thanks also to Asif Siddiqi and Elston Hill for their prompt agreement to use their images. And above all thanks to my very patient wife, who had to put up with what amounted to postponement of my retirement while I wrote this book.
