## Section V

# Ground-Based Instrumental Projects for Exoplanet Research

Norio Narita

Norio Narita is an Assistant Professor in the Department of Astronomy at the University of Tokyo and a PRESTO researcher of the Japan Science and Technology Agency. He is an affiliated member of the National Astronomical Observatory of Japan and the Astrobiology Center, Japan. He is dedicated to observational studies of transiting exoplanetary systems. Narita is also PI of the MuSCAT and MuSCAT2 multi-channel CCD imager and photometer for studies of transiting exoplanets.
