## ACKNOWLEDGMENT

The author most gratefully acknowledges the Prize Fellowship in the Inter-University Consortium in cooperation with Columbia University, Princeton University and Yale University for granting invaluable access to elite insights and ennobling spirit, as well as The New School for generous financial support. The financial support of the American Academic Research Conference on Global Business, Economics, Finance and Social Sciences, Austrian Academy of Sciences, European Parliament, Fritz Thyssen Foundation, George Washington University, Max Kade Foundation, New School (Dean's Office, Department of Economics, Eugene Lang College, Fee Board, The New School for Social Research, The New School for Public Affairs), Research Association for Interdisciplinary Studies, and the University of Vienna, Vernon Arts and Science and the Vienna University of Economics and Business is gratefully acknowledged. The author declares no conflict of interest. All omissions, errors and misunderstandings in this piece are solely the author's.

# CONTENTS

<b>1</b>	<b>Introduction</b>	<b>1</b>
1.1	<i>Climate Justice as Intergenerational Equity Imperative</i>	1
1.2	<i>Global Commons and Climate Change</i>	4
	<i>References</i>	8
<b>2</b>	<b>Intergenerational Equity</b>	<b>9</b>
2.1	<i>Eternal Equity as a Natural Behavioral Law</i>	9
2.2	<i>Toward a Human Right of Intergenerational Equity and Intuitionist Sustainability</i>	12
	<i>References</i>	14
<b>3</b>	<b>Global Responsible Intergenerational Leadership</b>	<b>15</b>
