

Mathematischer Anhang

*If you do some acrobatics
with a little mathematics
it will take you far along.*

*If your idea's not defensible,
don't make it comprehensible
or folks will find you out,
and your work will draw attention
if you only fail to mention
what the whole thing is about.*

*You must talk of GNP
and of elasticity
of rates of substitution
indeterminate solution
and oligopolopsony.*

(KENNETH E. BOULDING)
