## Foreword

The Paolo Zorzi Association for Neurosciences was founded in 1978 to promote scientific and clinical research in the field of neuroscience, with particular attention to neurooncology, epileptology, and those diseases that cause movement disorders in infancy and childhood.

During these past years the activity of the Association has increasingly developed, making important contributions to the study of these diseases and to their treatment by integrating the basic sciences and clinical research.

Within the Association, a Scientific Committee formed by Giovanni Broggi, the promoter of the workshop whose proceedings are published in this book, Giuliano Avanzini, Lucia Angelini and Roberto Spreafico, who all work at the Istituto Nazionale Neurologico "C. Besta" in Milan, guarantees that the sponsored initiatives correspond to the goals of the Association.

The many papers published in reputable international journals and in books of great scientific relevance - the latest of which is this one - testify to the activity of the Association. Moreover, the Association directly supports some research programs by awarding grants to promising young neurologists in Italy and abroad and by promoting scientific congresses on neurosurgery, neuropsychiatry, neuroanatomy and neurophysiology. An example of this was the organization of the Workshop: "Craniopharyngioma: Surgical Treatment" held in Milano, Italy, in May 1993.

We thank Giovanni Broggi and all those who made this Workshop a success and the publication of this book possible, and the Association wishes to be able to promote congresses of the same scientific level in the near future.

*Dr. Franco Santamato, President  
Paolo Zorzi Association  
for Neurosciences*

## Table of Contents

Neuropathology of Craniopharyngioma .....	1
A. ALLEGRAZZA	
Neuroradiology of Craniopharyngiomas .....	7
M. SAVOJARDO AND E. CICERI	
Craniopharyngioma in Children: Surgical Considerations .....	20
M. CHOUX, G. LENA, AND L. GENITORI	
Radical Removal of Craniopharyngiomas 1971-1991 .....	31
P. W. CARMEL	
Direct Microsurgery of Craniopharyngiomas: A Review of the Series of the Istituto Neurologico of Milan, Italy .....	52
S. GIOMBINI AND F. PLUCHINO	
Surgical Craniopharyngioma Treatment .....	64
V. V. DOLENC, G. MARINIELLO, A. HORVAT, J. SUSTERSIC, B. P. PRESTOR, AND R. PREGELJ	
Surgical Management of Craniopharyngiomas from 1976 to 1992: Problems and Results .....	73
R. M. VILLANI, E. P. SGANZERLA, S. M. GAINI, L. BELLO, AND M. GIOVANELLI	
Some Problems of Craniopharyngioma Treatment .....	88
A. N. KONOVALOV	
Role of the Transsphenoidal Approach in the Surgical Treatment of Craniopharyngiomas .....	97
G. NICOLA, G. LASIO, L. VALENTINI, S. VISINTINI, AND C. L. SOLERO	
Surgical Treatment of Craniopharyngiomas .....	104
G. CANTORE, V. ESPOSITO, AND B. FRAIOLI	
Therapeutic Role of Intracavitary Bleomycin Administration in Cystic Craniopharyngioma .....	113
G. BROGGI, C. GIORGI, A. FRANZINI, F. LEOCATA, AND D. RIVA	

## VIII

Gamma Knife Radiosurgery and Intracystic Colloidal Isotope Treatment of Craniopharyngiomas .....	120
T. RÄHN	
Three-Dimensional Dosimetry for LINAC-Based Radiosurgery and Fractionated Stereotactic Radiotherapy of Craniopharyngiomas .....	126
C. GIORGI, M. LUZZARA, U. CERCHIARI, AND A. GRAMAGLIA	
Endocrine Tests and Hormonal Therapy in Craniopharyngioma .....	132
R. COZZI, G. OPPIZZI, P. ORLANDI, D. DALLABONZANA, AND I. CHIODINI	
Concluding Remarks .....	144
G. BROGGI, EDITOR	
Subject Index .....	154
