Aquaculture, Innovation and Social Transformation

Edited by
Keith Culver
Fredericton
Canada

and

David Castle
Ottawa
Canada

Springer
## Contents

**Editors’ Introduction** ..................................................... 1
Keith Culver and David Castle

**Part I Animal Welfare in Aquaculture**

1 **Animal Welfare in Aquaculture** ........................................ 21
   Felicity Huntingford

2 **Science and Governance Issues in Aquaculture Animal Welfare** ........ 35
   Gilly Griffin

3 **Welfare and Aquaculture Industry Practice** .......................... 51
   Sunil Kadri

**Part II Knowledge Management and Intellectual Property Issues in Aquaculture**

4 **The Mark of Innovation in Aquaculture: The Role of Intangible Assets** ......................................................... 61
   Keith Culver

5 **New School Fish Production vs Old School Fish Harvesting** ........... 75
   Brad Hicks

6 **Return on Investment or How Not to Pay Commercial Licenses for Your Own Technology** .......................... 85
   Thomas W. Sephton

**Part III The Environmental Sustainability of Aquaculture**

7 **Environmental Aspects of Aquaculture** ................................. 97
   Kenneth D. Black

18 Models for Analysis and Practical Realities of Marine Aquaculture Siting ......................................................... 271
   Thierry Chopin

Part VII New practices for Global Competitiveness: Alternate Species, Alternate Uses, and Value-Added Aquaculture

19 Governance for Global Competitiveness: The Future of Aquaculture Policy in a World Turned Upside Down ........................... 283
   Jeremy Rayner

20 Consumer Confidence, Food Safety, and Salmon Farming .................. 297
   Paul Lyon

21 Aquaculture Policies for Global Competitiveness: An Industry Perspective .................................................... 307
   Colin J. Barrow

Epilogue: Aquaculture, Innovation and Social Transformation ................ 315
   Barry A. Costa-Pierce

Workshop Report: Aquaculture, Innovation and Social Transformation . 327
Contributors

Colin J. Barrow
Executive Vice-President of Research and Development, Ocean Nutrition

Kenneth D. Black
Head, Ecology Department, Scottish Association for Marine Science, Dunstaffnage Marine Laboratory

Kevin G. Butterworth
Director, Marine and Environmental Research, British Columbia Centre for Aquatic Health Sciences

David Castle
Canada Research Chair in Science and Society, and Director, Institute for Science, Society and Policy, University of Ottawa

Thierry Chopin
Professor of Biology, University of New Brunswick

Steve Clark
Department of Marketing and Consumer Studies, University of Guelph

Barry A. Costa-Pierce
Professor of Fisheries and Aquaculture, and Director, Rhode Island Sea Grant, University of Rhode Island

Keith Culver
Associate Professor and Director, Centre for Social Innovation Research, University of New Brunswick

Larry Felt
Professor of Sociology, Memorial University of Newfoundland

Karen Finlay
Associate Professor of Marketing and Consumer Studies, University of Guelph

K. Fiona Cubitt
Research Associate, UBC-DFO Centre for Aquaculture and Environmental Research, University of British Columbia
Contributors

Gilly Griffin
Guidelines Program Director, Canadian Council for Animal Care

Brad Hicks
Vice-President, Taplow Feeds

Felicity Huntingford
Professor of Functional Ecology, University of Glasgow

Sunil Kadri
Honorary Research Associate, Aquaculture Innovation & Fish Biology Group, Division of Environmental & Evolutionary Biology, Institute of Biomedical & Life Sciences, University of Glasgow

Dan Lane
Professor of Management, University of Ottawa

Paul Lyon
Policy Analyst, Aquaculture Management Directorate, Fisheries and Oceans Canada

Kenny McCaffrey
Editor, Fish Farming International

R. Scott McKinley
Canada Research Chair in Aquaculture and the Environment and Director, UBC-DFO Centre for Aquaculture and Environmental Research, University of British Columbia

Wojtek Michalowski
Professor of Management, University of Ottawa

Frode Nilssen
Senior Scientist, Department for Economics and Marketing Research, Norwegian Institute of Fisheries and Aquaculture Research

Fred Page
Director, Centre for Integrated Aquaculture Research, St. Andrews Biological Station, Fisheries and Oceans Canada

Jacques Paynter
Consultant, AMEC Earth and Environmental Services

Jeremy Rayner
Associate Professor of Political Science, University of Regina

Teresa Ryan
Member of the Gitlan, Tsimshian First Nation and PhD candidate Institute of Resources, Environment and Sustainability, University of British Columbia
Marc A. Saner  
Director of Research, Regulatory Governance, School of Public Policy and Administration Carleton University

Tom Sephton  
Division Manager, Environmental Science Division, Fisheries and Oceans Canada Maritimes Region

Marcel Shepert  
Member of the Carrier-Sekani First Nation, Executive Director of the Fraser River Aboriginal Fisheries Secretariat (FRAFS) and Coordinator of the Upper Fraser Fisheries Conservation Alliance.

Jamey Smith  
Executive Director, New Brunswick Salmon Growers Association

Robert Stephenson  
Director, St. Andrews Biological Station, Fisheries and Oceans Canada
