

## **Part 4: SPECTROSCOPIC METHODS**

### **Chapter 14**

**A practical introduction to the use of intracellular fluorescent indicators**

*Miguel Valdeolmillos and David Eisner*

### **Chapter 15**

**Biomedical NMR spectroscopy and transport**

*Susan Wray*

### **Chapter 16**

**NMR studies of solute transport**

*Glenn King and C. A. Richard Boyd*

### **Chapter 17**

**Optical and NMR spectroscopy in the study of secretion of exocrine pancreas**

*Tomio Kanno*
